

Bishamon Industries Corporation

To our valued customers,

Bishamon remains dedicated to providing world class service to you, our valued customers, while not deviating from our core values. Our goal is to ensure a safe, healthy environment for our team members, our customers and our global communities.

We want you to know that we are actively monitoring the Coronavirus pandemic and that we are taking this situation very seriously. In response to the California Governor's "Stay at Home" Executive order, all of our office team members are working remotely from home. Bishamon will idle our Ontario manufacturing facility for the next 2 weeks or until the order is lifted. In alignment with CDC guidelines and recommendations, Bishamon is doing our best to stay in front of the risks while supporting you, our valued customers.

At this time, our supply chain and inventory remain healthy and in a good position. We continue to ship standard products from both the Ontario facility and our Indianapolis warehouse in a timely manner. Our dedicated customer service team is here and ready to assist you as needed through these challenging times. We are committed to continuing to provide excellent service and products.

If your business is viewed as "Essential" or part of the "critical Infrastructure sectors" we would greatly appreciate a letter affirming Bishamon as an essential supplier to your business.

We wish everyone the best during this time. Please stay safe and healthy.

A handwritten signature in black ink that reads "Robert M. Stone". The signature is written in a cursive, flowing style.
